

 **COMPAGNUCCI**®

HIGH TECH

**NEW PRODUCTS
2023**

A Company of the Group

**FORMENTI &
GIOVENZANA**

The new aesthetics with their essential and elegant lines, made of painted steel sheet which combined with the existing structures give harmony to the product, making it an accurate fit for even the most modern kitchens.

740 Reverso the reversible solution for corner cabinets

597 Double corner mechanism with inner fixed baskets with door brackets.

310 Double swing-out larder

482 Pull-out drawer basket

A solution that stems from the desire to better organise the internal space of the cabinet by fixing the component to the base of the drawers. Use is intended for drawers from 300 mm wide.

913 bottle rack with multipurpose shelves

914 bread holder with multipurpose shelf

Waste bins designed to make waste management simpler and more functional. To be used with existing products.

For model Ten2 drawers

700 Twister with waste bins
